The term "interest on securities" does not include interest on fixed deposits or savings or other loans, which have to be shown under heading 3.

2. The Local Government may, by notification in the Port St. George Gazette, declare any place or area in which one or more indigenous areas of plague have occurred, or in which the existence of plague among rats has been proved, to be infected with plague. In making such declaration the Collector of the District may rely by inference and by publication in the District Gazette that any place or area in his district is infected with plague, whenever the Government forthwith of the fact that he has done so.

3. In an infected area or in a district adjoining an infected area the Collector may close any existing market and may appoint special places where markets may be held and may prescribe limits beyond which it shall not be lawful for persons bringing articles for sale from it to an infected area to pass.

4. In an infected area the Collector, or a plague officer with the previous sanction of the Collector, may order the closing of infected houses and houses in their neighbourhood, or generally of any infected locality.

Provided that, before closing or authorizing in order for compulsory evacuation, the Collector shall either provide adequate and suitable shelter within reasonable distance for the persons affected, together with the necessary water-supply and arrangements for wash and toilet or shall satisfy himself that such shelter and water-supply have been provided by private agency. The Collector shall also satisfy himself that the compulsory evacuation is necessary to avert the further spread of the disease, or from the interests of the affected population, taking account of climatic conditions.

The Collector may require all persons who evacuate their houses voluntarily, or are ordered under this regulation, to reside in such place as he may appoint.

Nothing contained in this rule shall be deemed to apply to persons who have been successfully inoculated against plague during the nine months prior to the declaration of a locality being infected or who get themselves inoculated within 30 hours of such declaration.

5. In an infected area the Collector may enter upon, occupy and use, or may deposit any person to enter upon, occupy and use, without having recourse to the provisions of the Land Acquisition Act, 1894, any building or place which is required for, and is, in the opinion of the District Health Officer, suitable for any purposes connected with plague measures provided that, if the building or place is occupied, twenty-four hours' notice in writing shall be given to the occupier or shall be concurrently affixed on such building or place. The owner or lessee of such building or place shall be satisfied to a reasonable extent, to be fixed by the Collector for the period during which the ground or building may be used for purposes connected with plague; and the Collector shall, when any building ceases to be so used, cause it to be thoroughly disinfected and, if the owner so demands, whitewashed externally and internally.

6. If the Collector is of opinion that the destruction of any building or shed is necessary to prevent the spread of plague, he may take necessary measures for the destruction of such building or shed and of the materials of which it is constructed.

7. The Collector may direct that any dwelling house or any building place or railway goods shed or

any place used for the storage of grain shall be inspected and that all rats found therein shall be destroyed, and to facilitate the destruction of rats may order the temporary removal of any grain or other merchandise.

8. The Collector may direct that if any place in the district any consignment of grain, being conveyed by rail, road or otherwise, shall be examined, and that, if necessary, be unloaded and exposed to the open air each morning and for each period as he may fix.

9. Every household and every medical practitioner shall at once report to the nearest local authority any case of plague or any case of fever with glandular swellings or any unusual mortality among rats which may come to his notice.

10. The absence of any material animal or human passenger, or the absence of any village in which there is no passenger, may prevent any person suspected of coming from an infected place from entering the town or village for a period not exceeding two days unless his clothing and personal effects have been thoroughly exposed to the direct rays of the sun for not less than six hours. If necessary also prevent any passenger or person from entering the town or village until the bags have been removed from the carts and every side of each bag has been exposed to the direct rays of the sun for not less than two hours.

11. (1) In the absence of a written contract to the contrary, every inspector, medical, pest, watchman, soldier, scavenger or other manual servant employed in the duty in connection with plague, shall be entitled to one month's notice before discharge, or to one month's wages in lieu thereof, unless he is discharged for misconduct or without cause for a specified term and is discharged at the end of it. Similarly every supplier of medicine shall be entitled to one month's notice before his services are discharged.

(2) No such inspector, medical, pest, watchman, soldier, scavenger or other manual servant shall, in the absence of a written contract authorizing him to do so, and without reasonable cause, resign, his employment or abscond himself from his duties without giving one month's notice or shall neglect or refuse to perform any of his duties. In like manner a supplier of medicine or services or materials shall withdraw his services or services without giving one month's notice.

12. Where in consequence of the removal of the property destroyed by or under these regulations any property is damaged or destroyed, the Collector shall pay to the owner by way of compensation such sum as he may consider sufficient in order the cost of repairing the damage or replacing the property destroyed.

(f) of tallow shopkeepers or owners in the Myre territory and in the Kiangpang State desiring to clear timber from their growing in British territory;

(g) of tallow shopkeepers in the Pankhatal State desiring to clear timber from trees in British territory provided that the application is received or accompanied by the East and Albert Inspector of the State; and

(h) of any member of a Hill tribe whether a tree owner or not, residing in any of the villages of the Yampangam district specified in Schedule II, for not more than five trees for each household for domestic consumption, but not for sale.

In cases (d), (e) and (f), the license may be issued in the name of the applicant himself or of his guardian, and in cases (g), (h), (i) and (j) in the name of the applicant only.

3. Persons wishing to apply for the grant of one-tapping license must first pay the fees for the fee institution thereof, or the sum may be due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury or a Tribal treasury. Divided officers may also receive funds of villages to receive payments on account of tree-tax and to grant one-tapping license. In the case of persons mentioned in rule 2 (a) and (c) the tree-tax must be paid into a Government treasury of the State in which the shop is situated, or in an authorized village market in the same State, and the person concerned should affix a declaration in the application as to the effect that they have obtained a license permanent or temporary for a shop specifying also the name and number of the shop for which trees are to be tapped. The shop license should be produced before village markets in cases where the application and fees are presented to some officer. Pankhatal system, when applying license in British territory, must pay the full tree-tax into a British treasury at the place prevailing in British territory.

4. (1) Applications for the grant of one-tapping license must be made in the prescribed form to the Inspector, Estate Department, in charge of the area in which the trees are situated. Forms may be obtained from the Inspector of the Estate Department and from all Subdivision and District Headquarters and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped; those put in by other persons must bear a stamp-free stamp of one rupee. In any case, if the fees have been paid into a treasury, the application must

accompany a certificate of payment from the treasury officer, if payment has been made to a village head, the receipt must accompany the application. Myre owners and shopkeepers applying for trees in British territory should pay the tree-tax into the Myre State's treasury at the district headquarter before the British Subdivision or District Headquarters, along with the application in Form T.T. 1, the receipt with the State's certificate at the foot to the effect that the applicant is a person entitled to take out a one-tapping license in Myre. Applications from Myre owners for license for the tapping of trees in villages in the British territory in which there are trees belonging to Government should necessarily be got accompanied by the village headman of the village in which the trees are situated in token of the co-operation of the village concerning the ownership of the trees. The tree-tax should be submitted at the higher rate if the trees are not the same as the trees and of the frontier.

(2) Applications for one-tapping license in the South Kowloon district should be accompanied by the owner or person in possession of the trees intended to be marked in token of his consent.

3. Tallow shopkeepers in some adjoining the Myre territory will also be allowed to tap trees in Myre for the supply of tallow to their shops on payment of the whole of the tree-tax in one instalment into the British treasury and subject to such conditions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will inevitably be the higher rate as before, if the rate is not the same as the rate of the frontier.

The British and Myre Governments reserve to themselves the right to impose, in addition to the one tax, a rent for the use of trees belonging to them, the same when deemed fit, payable by British and Myre licensees alike. The arrangements agreed to by the Malaya and the Myre Governments with regard to the issue of license for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the restoration of trees in any specified area in the Malaya Presidency or in Myre with a view to effect rent for use or for other restrictions; and the mere payment of tree-tax into a British or Myre treasury does not entitle an applicant to tapping license for trees as removed.

4. Tallow shopkeepers in British territory adjoining the Kiangpang State will be allowed to tap trees in the State on payment of one tax, the rate being the same as in the Kiamat district. Similarly, those in the Kiangpang State will be allowed to tap trees in the adjoining British territory. Tallow shopkeepers in British territory adjoining the Pankhatal State will be allowed to tap trees in that State on payment of tree-tax at that State at the higher of the rates prevailing on both sides of the frontier.

5. Persons applying for the issue of license will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

6. (1) Unless there are special reasons for refusing to mark the trees, the Inspector on receipt of an application will at once take steps for the marking of the trees by an officer of rank not lower than a Sub-Inspector and for the issue of the license. The Inspector may also at his discretion refuse to comply with an application either wholly or in part, if he considers that the trees required for are in excess of the legitimate demand of the shop. Applications for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the Port Gaiter district, in the Mousop, Kalamasson, Koolah, Klam and Kalamasson (which of the West Gaiter district, in the Koolah and Koolah, which of the Gaiter district and in the village of the Agency which is specified in Schedule I, trees intended for the drawing of wood shall be, as far as possible, in separate groups or blocks.
